EXECUTIVE SUMMARY		ii
1	Introduction	1
	1.1 History	1
	1.2 Aim	2
2	Methodology	3
	2.1 Planned methodology	3
	2.2 Impacts on planned methodology	4
3	The literature survey	4
	3.1 WasamS	4
	3.2 Water Supply and Sanitation Policy White Paper	5
	3.3 Additional initiatives to develop information systems	6
	3.4 Conclusions from the literature survey	8
4	The database design specification	8
5	Stakeholder Consultation	10
	5.1 Output from regional workshops	10
	5.2 Results from other consultation	11
6	Data Collection Procedures	12
	6.1 Data forms	13
	6.2 Use of the Information	14
7	Implementation of the pilot study	16
	7.1 Location of the pilot study area	16
	7.2 Analysis of data collected	18
	7.3 Water Supply and Sanitation Information	21
8	Discussion and conclusions	27
	8.1 Guidelines on village level information systems	27
	8.2 Completion of project aim	27
9	Recommendations	28
10	References	29

APPENDICES **Number of Pages**

A	"WasamS" Core Data Questionnaire	13
B	Abstracts from "Water and Sanitation Policy" White Paper	4
C	DWAF Northern Province: Staff's Agreed Information Needs	5
D	Draft Database Design Specification	39
E	Database Reporting Procedures	3
F	Project Applications: Preliminary Handling Procedures	2
G	Implementing the Project Pilot Study	2
H	Notes on Data Gathering Forms	5
I	The Core Data Form QS01	23
J	Community Quarterly Monitoring Reports	3
K	The Water or Sanitation Major Interruption Report Card	1
L	"Hardware" Data Forms	9
M	Community Internal Data Gathering and Water and Sanitation Facility Management Forms	13
N	Proposed Capital Projects and Crisis Relief Work Prioritising and Participative Decision Making Framework	5

List of Tables

Table 1. Data sets ranked by staff in DWAF's Northern Province 9

Table 2 Suggested uses by various groups of the data/information generated in the proposed information system 14

List of Figures

Figure 1. The main components of a typical integrated water information management system (Adapted from Ressman, 1997) 7

Figure 2 Decision making criteria for handling project applications 12

Figure 3 Location of the pilot study area 17
