

# GUIDELINES FOR FINANCING CATCHMENT MANAGEMENT

## Table of Contents

<b>ACKNOWLEDGEMENTS</b>	<b>ii</b>
<b>EXECUTIVE SUMMARY</b>	<b>iii</b>
<b>TABLE OF CONTENTS</b>	<b>viii</b>
<b>ACRONYMS</b>	<b>x</b>
1. INTRODUCTION _____	1
1.1 Background to the Project _____	1
1.2 Objectives of this Report _____	2
1.3 Target Audience for this Document _____	2
1.4 Structure of the Document _____	3
2. CATCHMENT MANAGEMENT IN SOUTH AFRICA _____	4
2.1 Imperatives of the National Water Policy and Legislation _____	4
2.1.1 Purpose of WRM _____	4
2.1.2 Requirements for WRM _____	4
2.2 Water Resources Management Approach for South Africa _____	6
2.2.1 Introduction _____	6
2.2.2 Water Resources Management Strategies _____	6
2.2.3 Resource Protection _____	7
2.2.4 Water Use _____	7
2.3 Functional Areas for Water Resources Management _____	8
2.4 The Role of Catchment Management Agencies _____	9
2.4.1 The Establishment of CMAs _____	9
2.4.2 CMA Powers, Duties and Functions _____	9
2.4.3 Initial Functions of a CMA _____	10
2.4.4 Other Possible Functions of a CMA _____	10
2.4.5 Other Unlikely Functions _____	12
2.5 Probable Evolution of a Catchment Management Agency _____	12
2.5.1 Progressive Delegation and Assignment of Functions to a CMA _____	12
2.5.2 Probable Phases of CMA Evolution _____	13
3. BACKGROUND TO FINANCING CATCHMENT MANAGEMENT _____	15
3.1 Theory of Financing Water Resource Management _____	15
3.1.1 Water Resource Management as a Public Service _____	15
3.1.2 Public Sector Financing and Water Resources Management _____	16
3.1.3 User Charges for Water Resources Management _____	16
3.2 The International Experience _____	17
3.2.1 Introduction _____	17
3.2.2 Transition to River Basin Organisations _____	17
3.2.3 Charging for Water Use _____	19
3.3 The South African Approach to Financing Catchment Management _____	21
3.3.1 Introduction _____	21
3.3.2 The Scope of the Pricing Strategy _____	21
3.3.3 Considerations in Implementing the User Charge for Water Resource Management _____	23
3.3.4 Financial Support from DWAF _____	25

4.	ESTIMATING THE COST OF CMA FUNCTIONS _____	27
4.1	Introduction _____	27
4.2	Staffing Requirements for an Evolving CMA _____	27
4.2.1	Competencies Required to Perform the CMA Functions _____	27
4.2.2	Possible Evolution of the CMA Structure _____	29
4.3	Estimates of Catchment Management Agency Costs _____	30
4.3.1	Introduction _____	30
4.3.2	Annual CMA Costs _____	31
4.3.3	Unit Costs for Catchment Management _____	33
5.	INSTITUTIONAL CONSIDERATIONS FOR FINANCING CMAS _____	35
5.1	Institutional Arrangements for Financing Catchment Management _____	35
5.2	DWAF _____	37
5.3	Catchment Management Agencies _____	38
5.4	Other Water Management Institutions _____	38
5.5	Water Services Institutions _____	39
5.6	Other Organs of State _____	40
5.7	Contracted Non-statutory Organisations _____	41
6.	RECOVERING WATER RESOURCE MANAGEMENT CHARGES _____	42
6.1	Introduction _____	42
6.2	Municipal Users _____	42
6.3	Industrial, Mining and Power Generation _____	43
6.4	Agriculture _____	43
6.5	Streamflow reduction activities _____	43
6.6	Other registered or licensed water users _____	43
6.7	Non-registered water use _____	44
7.	CALCULATING WATER RESOURCE MANAGEMENT CHARGES _____	46
7.2	Procedure for Calculating Water Resource Management Charges _____	46
7.3	The Catchment Management Finance Model (CMFM) _____	48
8.	CONCLUSION AND RECOMMENDATIONS _____	49
9.	REFERENCES _____	50
