

TABLE OF CONTENTS

	Page
1. INTRODUCTION	1
2. AIM AND OBJECTIVES OF GUIDE	1
3. TO WHOM IS THIS GUIDE ADDRESSED?	2
3.1 To all local authorities	2
3.2 To the Department of Water Affairs and Forestry	2
3.3 To the Department of Agriculture	2
3.4 Others	2
4. GUIDELINES	3
4.1 Classification of sewage sludge	3
4.2 Beneficial uses and disposal of sewage sludge as well as general requirements and precautionary measures according to type of sludge	3
4.3 Restriction on the utilisation of sewage sludge related to the metal and inorganic content thereof	7
4.4 Restrictions related to nitrogen application rate	8
4.5 Restrictions related to the presence of organic chemicals in sewage sludge	8
4.6 The importance of the pH of soil	9
4.7 Disposal of sewage sludge to landfill sites: Co-disposal of sewage sludge with domestic waste and repeated land application.	10
5. CONTROL MEASURES	10
5.1 Contractual agreement	10
5.2 Sludge quality control, sampling frequency and laboratory analyses	10
6. CONCLUSION	12
ENQUIRIES	12
WRC Report 605/1/97 'Municipal Sewage Sludge Disposal - Development of Guidelines and Expert System'
