|--------------------------|
| <b>TABLE OF CONTENTS</b> |
|--------------------------|

|  |       |
|--|-------|
| ACKNOWLEDGEMENTS .....   | vi    |
| EXECUTIVE SUMMARY .....  | viii  |
| LIST OF TABLES.....  | xix   |
| LIST OF FIGURES .....  | xxiii |
| <br>   |       |
| <b>CHAPTER 1 INTRODUCTION</b>  |       |
| 1.1 Background.....  | 1.1   |
| 1.2 Objectives.....  | 1.2   |
| 1.3 Research team.....   | 1.3   |
| 1.4 Scope of the report.....   | 1.3   |
| <br>   |       |
| <b>CHAPTER 2 A LITERATURE REVIEW OF THE POTENTIAL OF USING SALINE WATER FOR IRRIGATION OF FRUIT AND VINE CROPS</b> |       |
| 2.1 Introduction .....   | 2.1   |
| 2.2 Soil considerations .....  | 2.1   |
| 2.2.1 Leaching (internal drainage) .....   | 2.1   |
| 2.2.2 Salinity and soil-physical properties .....  | 2.2   |
| 2.3 Response of fruit trees and vine crops to salinity.....  | 2.3   |
| 2.3.1 Introduction .....   | 2.3   |
| 2.3.2 Osmotic vs specific ion effects .....  | 2.4   |
| 2.3.3 Factors that may modify salt tolerance .....   | 2.4   |
| a) Steady state vs. transient soil salinity.....   | 2.4   |
| b) Irrigation method.....  | 2.5   |
| c) Soil properties and waterlogging .....  | 2.6   |
| d) Specific ion effects.....   | 2.7   |
| e) Rootstocks .....  | 2.8   |
| f) Chemical composition of the irrigation water .....  | 2.8   |
| g) Climate.....  | 2.8   |
| h) Timing of salt application and intra-seasonal effects.....  | 2.9   |
| i) Water stress and high frequency irrigation .....  | 2.10  |
| 2.3.4 Effective soil salinity.....   | 2.11  |

|       |   |      |
|-------|---|------|
| 2.3.5 | Indices to describe the salinity hazard of fruit and vine crops ..... | 2.11 |
| a)    | Consideration of the time scale .....                                 | 2.11 |
| b)    | Response functions .....  | 2.13 |
| 2.3.6 | Physiological response to salinity .....                              | 2.14 |
| 2.3.7 | Recovery from salt damage .....                                       | 2.14 |
| 2.3.8 | Impact of salinity on fruit, grape and wine quality .....             | 2.14 |
| 2.4   | Environmental considerations .....                                    | 2.15 |
| 2.5   | Conclusions .....   | 2.16 |

### CHAPTER 3 DESCRIPTION OF THE RESEARCH INFRASTRUCTURE AT ROBERTSON AND STELLENBOSCH .....

|       |   |      |
|-------|---|------|
| 3.1   | General .....   | 3.1  |
| 3.2   | Robertson research site .....                                       | 3.2  |
| 3.2.1 | Climate, viticultural practices and general instrumentation .....   | 3.2  |
| 3.2.2 | Soil properties .....   | 3.4  |
| 3.2.3 | Irrigation system .....   | 3.4  |
| 3.2.4 | Irrigation water salinity control system .....                      | 3.6  |
| 3.3   | The Stellenbosch research facility .....                            | 3.8  |
| 3.3.1 | Climate, viticultural description and general instrumentation ..... | 3.8  |
| 3.3.2 | Soil properties .....   | 3.10 |
| 3.3.3 | Irrigation system .....   | 3.11 |
| 3.3.4 | Water salinity control system .....                                 | 3.11 |

### CHAPTER 4 EFFECT OF SALINE IRRIGATION WATER ON THE WATER AND SALINITY REGIMES OF THE SOIL IN A COLOMBAR VINEYARD UNDER SEMI-ARID CLIMATIC CONDITIONS AT ROBERTSON

|       |   |      |
|-------|---|------|
| 4.1   | Introduction .....  | 4.1  |
| 4.2   | Methods .....   | 4.1  |
| 4.2.1 | Salinity of the irrigation water .....  | 4.1  |
| 4.2.2 | Irrigation management and irrigation scheduling .....                                       | 4.2  |
| i)    | Irrigation scheduling in 1991/92 .....  | 4.3  |
| ii)   | Irrigation scheduling in 1992/93 .....  | 4.3  |
| iii)  | Irrigation scheduling in 1993/94 and 1994/95 .....  | 4.5  |
| 4.2.3 | Monitoring soil salinity .....  | 4.6  |
| 4.3   | Results .....   | 4.7  |
| 4.3.1 | Seasonal mean electrical conductivity and chemical composition<br>of irrigation water ..... | 4.7  |
| 4.3.2 | Irrigation quantities .....   | 4.8  |
| 4.3.3 | Soil water regime .....   | 4.9  |
| 4.3.4 | Soil salinity .....   | 4.15 |

|       |  |      |
|-------|--|------|
| a)    | Annual trends in electrical conductivity (EC <sub>e</sub> ) and sodium adsorption ratio (SAR) of the saturated paste extract ..... | 4.15 |
| b)    | Spatial variability of soil salinity .....   | 4.16 |
| c)    | Seasonal changes in electrical conductivity of the soil solution (EC <sub>sw</sub> ) .....   | 4.21 |
| d)    | Long term time course of soil salinity .....   | 4.22 |
| e)    | Time integrated seasonal mean soil salinity .....  | 4.25 |
| f)    | Winter leaching .....  | 4.26 |
| 4.3.5 | Estimating evapotranspiration and the leaching fraction from water- and salt balances, and salinity profiles .....                 | 4.27 |
| a)    | Water balance .....  | 4.27 |
| b)    | The salt balance .....   | 4.34 |
| 4.4   | Summary and Conclusions .....  | 4.40 |

## CHAPTER 5 EFFECT OF SALINITY ON THE GROWTH AND ION COMPOSITION OF THE VEGETATIVE ORGANS OF COLOMBAR GRAPES

|       |  |      |
|-------|--|------|
| 5.1   | Introduction .....   | 5.1  |
| 5.2   | Methods and Materials .....  | 5.1  |
| 5.2.1 | Non-destructive measurements .....   | 5.2  |
| 5.2.2 | Destructive measurements .....   | 5.3  |
| 5.2.3 | Leaf water relations .....   | 5.4  |
| 5.3   | Results .....  | 5.5  |
| 5.3.1 | Non-destructive sampling .....   | 5.5  |
| a)    | Trunk circumference .....  | 5.5  |
| b)    | Shoot elongation and leaf growth .....   | 5.6  |
| c)    | Leaf degradation score .....   | 5.13 |
| 5.3.2 | Destructive measurements of vegetative plant organs .....                                      | 5.15 |
| a)    | Internode length and mass .....  | 5.15 |
| b)    | Leaf and petiole mass .....  | 5.18 |
| c)    | Pruning mass .....   | 5.22 |
| d)    | Ionic composition of vegetative plant organs .....   | 5.24 |
| e)    | Mass balance of salt accumulation and redistribution in organs of the Colombar grapevine ..... | 5.30 |
| 5.3.3 | Leaf water potential and stomatal conductance .....  | 5.34 |
| 5.4   | Discussion .....   | 5.37 |
| 5.5   | Conclusions .....  | 5.39 |

## CHAPTER 6 SALINITY EFFECTS ON THE YIELD, REPRODUCTIVE GROWTH AND FRUIT AND WINE QUALITY OF COLOMBAR GRAPES

|       |   |     |
|-------|---|-----|
| 6.1   | Introduction .....                      | 6.1 |
| 6.2   | Material and Methods .....              | 6.2 |
| 6.2.1 | Yield and yield components .....        | 6.2 |
| 6.2.2 | Monitoring of reproductive growth ..... | 6.3 |

|       |   |      |
|-------|---|------|
| 6.2.3 | Ionic composition of fruit and wine .....         | 6.4  |
| 6.2.4 | Wine evaluation .....                             | 6.4  |
| 6.3   | Results .....                                     | 6.4  |
| 6.3.1 | Yield .....                                       | 6.4  |
| 6.3.2 | Yield components .....                            | 6.8  |
| 6.3.3 | Berry size and growth .....                       | 6.9  |
| 6.3.4 | Ionic composition of berries, must and wine ..... | 6.9  |
| 6.3.5 | Wine quality .....                                | 6.15 |
| 6.4   | Discussion and Conclusions .....                  | 6.19 |

## CHAPTER 7 INDICES TO DESCRIBE THE SALT TOLERANCE OF THE COLOMBAR GRAPEVINE CULTIVAR

|     |   |      |
|-----|---|------|
| 7.1 | Introduction .....  | 7.1  |
| 7.2 | Methods .....   | 7.2  |
| 7.3 | Results .....   | 7.3  |
| 7.4 | Evaluation of irrigation water quality criteria of the Breede River ..... | 7.10 |
| 7.5 | Conclusion .....  | 7.11 |

## CHAPTER 8 EFFECTS OF SUPPLEMENTAL IRRIGATION WITH SALINE WATER ON THE PERFORMANCE OF WEISSER RIESLING GRAPES

|       |  |     |
|-------|--|-----|
| 8.1   | Introduction .....   | 8.1 |
| 8.2   | Soil water and salinity regimes, 1993-1995 .....                   | 8.1 |
| 8.2.1 | Irrigation water salinity .....                                    | 8.1 |
| 8.2.2 | Soil water content .....   | 8.2 |
| 8.2.3 | Soil salinity .....  | 8.3 |
| 8.3   | Salinity effects on yield, pruning mass and must composition ..... | 8.4 |
| 8.3.1 | Yield .....  | 8.4 |
| 8.3.2 | Pruned shoot mass .....  | 8.6 |
| 8.3.3 | Composition of must .....  | 8.6 |
| 8.3.4 | Plant water relations .....  | 8.8 |
| 8.4   | Summary and conclusions .....                                      | 8.9 |

## CHAPTER 9 SUMMARY, CONCLUSIONS AND RECOMMENDATIONS

|     |   |     |
|-----|---|-----|
| 9.1 | Introduction.....                                 | 9.1 |
| 9.2 | Conclusions.....                                  | 9.1 |
| 9.3 | Success in achieving the research objectives..... | 9.5 |
| 9.4 | Recommendations.....                              | 9.6 |
