

CONTENTS

1. Executive summary.....	1
2. Introduction.....	3
2.1 Motivation.....	3
2.2 Scope of work.....	3
3. Methodology.....	4
3.1 Field tests.....	4
3.1.1 Floppy sprinkler.....	4
3.1.2 Impact sprinklers.....	4
3.1.3 Data measurement.....	6
3.2 Laboratory tests.....	7
4. Performance parameters.....	8
4.1 Application uniformity.....	8
4.1.1 Literature review.....	8
4.1.2 Importance of CU and DU.....	10
4.1.3 Laboratory results.....	11
4.1.4 Field evaluations.....	12
4.1.5 Scheduling coefficient.....	15
4.2 Application efficiency.....	16
4.2.1 Literature review.....	16
4.2.2 Field evaluations.....	18
4.3 Statistical analysis.....	22
4.3.1 Method of analysis.....	22
4.3.2 Results.....	22
5. Factors influencing performance parameters.....	25
5.1 Microclimate formation.....	25
5.2 Sprinkler droplet size.....	27
5.3 Wind.....	31
5.4 Pressure.....	32
6. Cost analysis.....	35
7. Conclusions and recommendations.....	37
7.1 Further evaluations.....	40
8. Acknowledgements.....	40
9. References.....	41
10. List of figures.....	45
11. List of tables.....	46
