

TABLE OF CONTENTS

Executive summary	i
List of figures	viii
Acknowledgements	x
Project team	xii
1. INTRODUCTION	1
1.1 Informal housing: an overview	1
1.2 Backyard shacks: background to the project	2
1.3 Project aims	4
1.4 Methodology	4
1.5 Document structure	7
2. PROBLEM STATEMENT	8
2.1 On-site conditions: an example	8
2.2 Reasons for 'backyard living'	9
2.3 Micro effects	10
a) Possible positive consequences	12
b) Possible negative consequences	12
2.4 Macro effects	12
a) Possible positive consequences	12
b) Possible negative consequences	13
2.5 Access to services and protection of environmental quality	13
3. BACKYARD LIVING	17
3.1 Extent of 'backyard living'	17
a) Housing	17
b) Population	19
3.2 Reasons for 'backyard living'	21
a) Demand for 'backyard shacks'	21
b) Supply of 'backyard shacks'	21
3.3 On-site arrangements	25
4. ACCESS TO WATER	28
4.1 Levels of access	28
4.2 Standard of service	29
4.3 Intensity of use	31
4.4 Cost of the service	35
4.5 Social relations on site	36
4.6 Summary	39

5. ACCESS TO SANITATION	40
5.1 Levels of access	40
5.2 Standard of service	42
5.3 Intensity of use	45
5.4 Cost of the service	48
5.5 Social relations on site	48
5.6 Summary	50
6. SOLID WASTE SERVICES	51
6.1 Level of access	51
6.2 Standard of service	52
6.3 Intensity and manner of use	54
6.4 Location of refuse on site	55
6.5 Summary	56
7. CONCLUSIONS	57
7.1 Summary of survey results	57
7.2 General conclusions	58
7.3 Recommendations	59
8. BIBLIOGRAPHY	61
APPENDIX A: Background information on every township, including maps	A1
APPENDIX B: Summary of all data collected	B1
