2. BACKGROUND TO THE PROJECT

The Water Research Commission (WRC) is a national public entity (Schedule 3A) established in terms of the Water Research Act (Act No 34 of 1971). The organisation is a dynamic hub for water and sanitation knowledge, innovation and intellectual capital which provides leadership and supports the research, development and innovation of water and sanitation solutions..

The purpose of this submission is to appoint a panel of two (2) service providers with the prerequisite strong project management skills in the capacity of Professional Conference Organisers (PCO) for a period of three (3) years..

The primary role of the WRC’s marketing and events team is to make use of myriad engagement tools and platforms including events and exhibitions to disseminate information to various stakeholders with the primary objective of enhancing the WRC’s image and positioning the organisation within the marketplace.

In order to increase the WRC’s visibility in a consistent, innovative and professional manner, as well as drive participation and engagement with different market segments such as government, research institutions, universities, funders and the public at large, the WRC’s marketing and events team requires interactive, well branded and appointed exhibition stands across the majority of exhibitions it participates in as well as professionally executed events positioned as strategic and key knowledge dissemination platforms aimed at delivering a highly informed water and sanitation sector.

3. SCOPE OF WORK:

The WRC solicits services from suitable professional service providers with the requisite expertise and capacity to provide overall project management and execution for WRC events. It is important to note that the capacity required from the professional service providers is not only limited to the ability to provide the required service from an expertise and human resources provision perspective, but also from a financial perspective where the expectation is that the two (2) members of the panel shall be in a position to procure resources and services upfront for all events and exhibitions upon briefs received from the WRC for reimbursement in accordance with the WRC’s financial processes.

Water Research Commission events form part of the organization’s strategy to fortify knowledge dissemination efforts for greater impact in order to ensure that our stakeholders, partners and beneficiaries receive the full benefit of WRC knowledge dissemination efforts.

Key WRC annual events have been outlined below per category and are non-exhaustive meaning that the number of events listed herein may either increase or decrease per year for the duration of the contract. The

Our challenge in these has historically been brand prominence, consistent application and better use of the exhibition space, as such we have started using standard WRC brand fabric frame banners which are clad onto the supplied 3x3 meter shell scheme.

The requirement therefore is that the production, transportation, set-up, breakdown, storage and maintenance of these WRC standard fabric frame banners that are clad to exhibition-owned 3x3 shell schemes be the responsibility of the exhibition stand provider for the duration of the contract period as protracted through the PCO.

BBBEE LEVELS		SCORES

Level 6		6
Level 7		4

Price Formula

The following PPPFA formula was used to evaluate the price proposals submitted by bidders, this formula was used because price was the only criterion that was scored i.e. the whole 80 points were allocated to price.

$$PS = 80 \left(1 - \frac{Pt - Pmin}{Pmin} \right)$$

Ps = Points scored for price of the bid under consideration.

Pt = Rand value of bid under consideration.

Pmin = Rand value of lowest acceptable bid

Bidder who obtains highest total points on PRICE and B-BBEE claimed points shall be awarded the contract.

WRC reserves the right to not to appoint, to appoint one or more service providers for this project.

7.1.4.1 Commercial Evaluation

The bidder must provide a rate card as part of their submission. This rate card must reflect the following:

- Service providers should indicate the annual management fee for the full three (3) year contractual period.
- A schedule of professional fees to be charged for all levels of the different resources that will be allocated to the WRC account for the full three (3) year contractual period.

7.1.4.2 PRICING

The Management Fee rate over three years

The bidder must provide a breakdown of the Management Fee together with the table below, which indicates the Management Fee per annum over the three (3) year contractual period:

Item			
	Year One	Year Two	Year three
Management Fee	% _____	% _____	% _____

Very Important: The WRC will evaluate service providers only on management fee to determine the panel of service providers to be appointed for this project, where the WRC reserves the right to negotiate a flat rate management fee (over a 3 year contractual period) with the highest points scoring top two qualifying bidders from the presentation phase.

NOTE: WRC will brief and negotiate the method of payment according to the type of event and requirements of the event as per the pricing table before any event can take place. The WRC Standard payment terms are 30 days in terms of PFMA.

Management Fee: This refers to a fixed rate (% of the total event / project costs) charged by the company for all services rendered per each event / project as per the brief provided by the WRC.

The management fee rate should be fixed for the entire duration of the project (3 years).

The management fee should be charged as follows:

- The service provider should claim for the total costs incurred for the entire event / project, excluding the management fee. This should be at no VAT charged.
- The management fee (%) should be charged on the amount incurred for the event / project, and add the VAT on the charged management fee, if VAT vendor.

- E.g.: How to calculate the total invoice amount considering the VAT:

Direct costs incurred for the event / Project	Costs incurred by the supplier for the event / project: E.g.: R150 000.00		Amount to be claimed from the WRC: R150 000.00 No VAT should be charged
Management fee	Management Fee: E.g.: 10% of the R150 000 = R15 000	Addition of the VAT on management fee: R15 000.00 + 15% VAT	Total management fee to be claimed by the service provider: R17 250.00 (amount inclusive of 15% VAT, if VAT vendor)
Total amount the service provider should claim from the WRC for the event / project:			R167 250.00 (R150 000 + R17 250)

7.1.5 Phase 5: Due Diligence – The WRC reserves the rights to conduct a due diligence exercise on the top bidder that scored highest points in commercial evaluation.

- WRC will perform the due diligence exercise by verifying the information provided in the proposal submitted.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
